PROT. N°

La sottoscritta Gabriella Marchitto ha partecipato dal 15/5/17 al 19/5/17 al corso "Innovative Approches to Teaching" in Spagna, a Barcellona.

Il corso, destinato ad insegnanti di scuole primarie e secondarie è stato una guida pratica per noi docenti per migliorare qualità ed efficienza nel processo educativo in ogni classe.

Incoraggiare la creatività, organizzare progetti, integrare le minoranze all'interno di una classe, usare le ICT per sviluppare il pensiero critico, sono stati gli obiettivi dei moduli del corso che sono stati esplosi attraverso esempi di metodologie didattiche che hanno la finalità di potenziare e motivare gli studenti all'apprendimento.

Durante il corso ho condiviso le mie esperienze professionali con colleghi sloveni, polacchi, turchi, tedeschi, greci e italiani, migliorando i rapporti interpersonali e sociali.

Durante il corso abbiamo lavorato in gruppo, mettendo in pratica i contenuti dei moduli con metodi e tecniche innovative, soprattutto usando risorse digitali.

Il programma del corso è allegato alla relazione.

Ringrazio il DS e la prof.ssa Abbate per avermi dato la possibilità di poter vivere questa esperienza che ritengo decisamente importante per realizzare una scuola Europea e senza confini.

Gabriella Marchitto
